KINGSTON. Is one of the oldest settled portions of Ontario, being the location of the fort constructed by Frontenac, in July 1673, to command the trade of the St Lawrence and the lakes, and it was long known by his name. This fort stood on the site now occupied by the barracks, and was captured from the French by Gen Bradstreet in 1758, the name being changed to Kingston about 1780. In July, 1792, the Government of Upper Canada was organized at Kingston, but the city was not incorporated until 1846. It is now the fifth city of the province in point of population, and is situated in Kingston tp, Frontenac Co, of which it is the county seat, at the head of the Thousand Islands, on the river St Lawrence– where it issues from Lake Ontario—and on the river Cataraqui, which here falls into the St Lawrence. The Rideau canal also enters the river here, and furnishes direct water communication with Ottawa and the intervening towns on the route. Next to Quebec, Kingston is the most strongly fortified place in Canada. In front of the city lies a beautiful bay, forming a safe and commodious harbor for vessels of the largest draught. Kingston has good wharves and is well adapted for the building of ships and steamboats, having facilities second to none on the lakes. Opposite the city lie two islands, Garden and Wolfe, and opposite Wolfe island, on the south shore of the St Lawrence river, is the town of Cape Vincent, in New York State, the terminus of the Cape Vincent branch of the Rome, Watertown and Ogdensburgh Ry, and steamboats in summer and stages in winter ply daily to that place in connection with the railway. The GT Ry passes about two miles north of the city, and is connected with it by a branch line, and the K & P Ry, starting from here, runs northward until it forms a junction with the CP Ry at Renfrew, a distance of 104 miles, and with the O & Q Ry at Sharbot Lake. A company of capitalists is being inaugurated and other roads will shortly be constructed which will give the city increased commercial facilities and intersect an unopened tract of rich country. In manufacturing Kingston takes a front rank ; locomotives, cars, steam engines, agricultural implements, stoves, pianos, organs, etc, are manufactured here in large quantities. Iron ore is being extensively mined and shipped by the K & P Mining Co, whose general offices are here. Six mines are operated and a large number of miners employed at the mines, which are distributed at various points on the K & P R R. There are also 3 breweries, 4 planing mills, 3 foundries, 2 broom factories, saw and cotton mills, knitting works, chemical works, tanneries and other manufactories of various descriptions. Kingston contains 16 churches of various denominations, viz, 4 Episcopal, 2 Congregational, 4 Methodist, 3 Presbyterian, 1 Baptist, 1 Catholic Apostolic and 2 Catholic, and has an excellent school system, comprising 9 public and 2 separate schools, 6 private schools (Catholic), 3 convents and several colleges, the principal being Queen's College, incorporated by royal charter in 1841, in connection with which is an observatory, a museum and a library containing 14,000 volumes, also the Royal College of Physicians and surgeons, and Trinity Medical school, affiliated to the University, Ladies' Medical College, Royal Military College of Canada and the Dominion Business College. The public school library contains 5,000 volumes, and the library of the Mechanics' Institute 4,500 volumes. There are several handsome public build-

ings, the court house, custom house, city hall, post office, banks, hospitals, etc ; 3 public halls, viz, Martin's opera house, seating 1,100, city hall, seating 800, and the Ontario Hall, seating 800. It has 4 chartered banks, Merchants' bank of Canada, Bank of Montreal, Bank of British North America and Ontario Bank, besides private enterprises, and 2 daily newspapers, the *British Whig* and *The Daily News*, both of which publish weekly editions (the latter under the title of *Chronicle and News*), *Canadian Freeman* and the *Queen's College Journal*, published monthly. Grain, produce, live stock and the productions of the various manufacturing establishments form the shipments. The assessed valuation of real and personal property is $7,150,000, and the bonded indebtedness $495,166.71, $120,000 of which is for water works' improvements. About two miles west of the city is the village of Portsmouth, in which is located the Provincial Penitentiary and the Rockwood Lunatic Asylum, with a branch in the city. The city is lighted with electric light and gas ; has good water works and fire department, and is supplied with a street railway, and during navigation steamboats for all parts of the lake system and the river St Lawrence call daily. Stages run daily to Newboro', 30 miles north-east fare $1, and to Napanee, 24 miles west, fare $1, and in winter to Cape Vincent, 12 miles south, fare $1; twice a week to Sydenham, 18 miles north, fare $1, and tri-weekly to Battersea, 16 miles north-east, fare 25c; to Gananoque, 17 miles east, fare 25c, and to Inverary, 11 miles north, fare 25c. at lower rates than in any other Ladies' College in the Dominion of Canada. The studies included are extensive, embracing a very thorough course in ENGLISH, with the SCIENCES preparatory to MATRICULATION IN THE UNIVERSITY. The MODERN LANGUAGES, CLASSICS, VOCAL AND INSTRUMENTAL MUSIC, the FINE ARTS, with the ornamental branches; also a course in PHYSICAL TRAINING.

Diplomas are given in ENGLISH LITERATURE, LIBERAL ARTS, MUSIC, FINE ARTS and ELOCUTION, when students are prepared to receive them, the same as other Ladies' Colleges. SPECIAL RATES TO MINISTERS of all denominations, widows and orphans. The health record the very best. A beautiful situation for the school. No day pupils admitted, which makes it a most excellent home for those attending. Has been running nearly 13 years with a good attendance. Be sure and send for calendar before making arrangements elsewhere to

of Carleton Co. It is easy of access from all points by the Grand Trunk, Canadian Pacific, Canada Atlantic and the St Lawrence and Ottawa railways, and also by the Ottawa river which empties into the St Lawrence after a course of some 400 miles, and boats run daily during navigation to Montreal, Kingston, Portland and Ottawa river ports. The Rideau canal forms a system of inland water communication extending to Kingston on the St Lawrence river. It was settled in 1827 and was then known as Bytown from the name of its founder Colonel By, and was incorporated a city in 1854, and its name changed to its present one. It is well drained, and lighted by electricity. The Rideau canal divides the city into two portions, known as the Upper and Lower towns, and reaches the Ottawa river by means of eight well constructed stone locks In 1858 the city was selected as the seat of the Government for the Dominion of Canada and the erection of the magnificent Parliament and Departmental buildings was at once commenced, the foundation stone being laid by HRH the Prince of Wales, in September, 1860. These buildings, which occupy three sides of a quandrangle, are very extensive, and are handsome specimens of pure Gothic architecture, being the finest examples of that style on the continent, and were erected at a cost of nearly $4,000,000. Adjacent to the city are several villages, the principal being Rochesterville, Ont, and Hull, PQ. Rideau Hall, the official residence of the Governor-General, is situated in what is known as New Edinburgh, and is a handsome stone structure with 35 acres of well laid out and beautifully shaded grounds attached. The city has wide, regular and uniform streets, and possesses many handsome stone buildings. It contains 22 churches, 5 Catholic, 5 Methodist, 4 Episcopal, 3 Presbyterian and one each of Baptist, Congregational, Reformed Episcopal, Lutheran and Catholic Apostolic, has a university, a normal, 2 model, 6 public and 14 separate schools, a collegiate institute and numerous colleges, convents and private educational establishments. It has several excellent libraries and literary societies, an opera house seating 1,200, St James' hall seating 600, 8 chartered banks, 5 daily newspapers (3 English and 2 French), the *Citizen*, which is also issued as a semi-weekly, the *Free Press*, *Courier*, *Federal* and *Le Canada* which are also issued weekly, and the *Evening Journal* a daily and semi-weekly issue, the *Canada Gazette*, weekly, and the *Canada Health Journal*, *Lyre D'Or*, and *St John's Parish Magazine* issued monthly. The principal manufacturing interests of the city and the neighboring villages are lumber and millions of feet of sawn boards, square timber, deals, etc, are annually exported to Great Britain, the United States and other places. The assessed valuation of the real and personal property of the city is $14,337,845, the bonded indebtedness, $2,168,140, and the value of the real estate belonging to the city amounts to $333,910 exclusive of the waterworks which are valued at $1,000,000. It has an excellent fire department with fire alarm, telegraph, telephone facilities, a street railway, and in fact all the modern requirements of a first-class enterprising city. Stages daily to Aylmer, Chelsea, Kirk's Ferry, North Wakefield and River Desert, all in Quebec province, and to Richmond, Ont, 18 miles south-west. Population 35,000. Distance from Montreal 120 miles, Kingston 115 miles, Toronto 261 miles, Quebec 292 miles and Halifax 978 miles. Express Dominion and Canadian. Telegraph GNW and CPR. Mail daily. James A Guoin, postmaster.

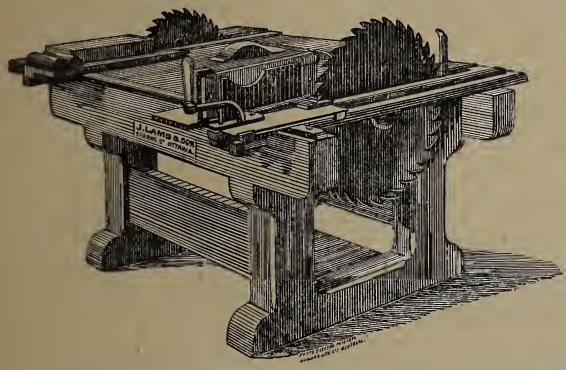
JOHN LAMB & SON,



ENGINEERS,

316 SPARKS STREET, - - OTTAWA, ONT.

The Construction of FLOURING, BARLEY, OATMEAL and SAW MILLS attended to.

GANG LATH MACHINES, WITH GANGS OF FROM TWO TO TEN SAWS.

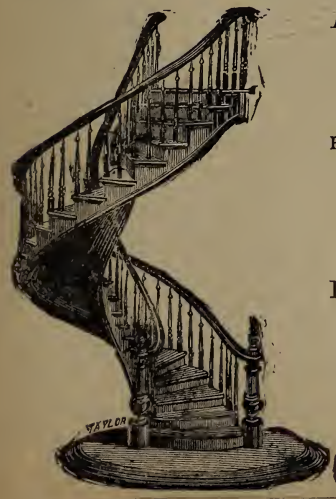
LAMB'S PATENT GROAT SCREENS, WHEAT SCOURERS, RE-SAWING MACHINES. AND ALL KINDS OF GRIST AND SAW MILL FURNISHINGS MADE TO ORDER.

WE MAKE A SPECIALTY OF OUR

"ECONOMISER" SHINGLE MACHINE.

This little Machine is exactly what its name implies, being designed for making Shingles out of ends of boards, slabs and blocks, and thus converting what would otherwise only be used for fuel at best, into good and saleable material.

It carries two saws, one for edging the block, and the other for taking off the Shingles, and the carriage-block is so constructed that with it an inch board of the length of a shingle may be divided into three equally sized shingles, leaving no remainder, or nine Shingles out of three-inch block.



ALL SIZES OF LAMB'S DOUBLE-ACTION WATER-WHEEL KEPT ON HAND.

Plans and Specifications of Mill Work, Surveys of Mill Sites, Machinery, Drawings, etc., made out at moderate rates.

PETROLEA. An incorporated town 160 miles from Toronto, located on Bear creek, a tributary of the Sydenham river, in the heart of the oil producing region of Canada. The Petrolea branches of the G W div GT Ry, and of the C div MCRR both terminate here. It is in Enniskillen tp, Lambton Co, 16 miles south-east of Sarnia, the county seat. The oil producing belt, so far as proved, extends from the north-west to the south-east for about 20 miles, with a a width varying from 1 to 4 miles, and an immense quantity of oil is obtained from this area, of which Petrolea occupies the centre. The extent of this important industry may be judged from the following figures:

Number of wells pumping oil	3,860
" engines used	480
Approximate number of wells drilled in 1887	400
Average cost per well	$400
Appproximate number of barrels of crude oil produced 1887	696,663
Number of hands employed in oil pumping, etc	3,000
Number of hands employed in refineries	500

Average value of crude oil, 80c per barrel. There are 9 large refineries in the vicinity of the town which produce about 3,500 barrels of refined oil per week. Ample facilities are provided for storing the crude oil by several companies who have storage for upwards of 500,000 barrels in underground tanks. The total amount of capital invested in the oil industry in its various branches is estimated to be but little short of $10,000,000. It was incorporated as a village in 1866 and as a town in 1874. It has 3 foundries and machine shops, 2 boilerworks, flour, planing and saw mills, etc, and contains Episcopal, Catholic, Methodist, Baptist and Presbyterian churches and high and public schools, 2 banks, a public hall, and has just erected a town hall, the finest in western Ontario, at a cost of $30,000, and Masonic Temple costing $20,000, and 2 weekly newspapers, the *Advertiser* and the *Topic*, a mechanics' institute containing 2000 volumes. Petroleum is the chief shipment. Assessed valuation of real and personal property, $988,150; bonded indebtedness, $59,530. It has a good volunteer fire department with 2 steam and a hand engine, and hook and ladder truck. Population, 5,500. Telegraph, GNW and CPR. Telephone connection. Express, American. Mail daily. Patrick Barclay, postmaster.

ST. CATHARINES. An incorporated city on Twelve Mile creek and the principal place on the Welland canal which unites Lakes Ontario and Erie and from which excellent power is obtained, in Granthan tp, Lincoln Co, of which it is the county seat. It has good railway facilities, being on the main line of the G W div and on the Welland Ry of the G T Ry system, the latter road running from Port Dalhousie, Lake Ontario, to Port Colborne, Lake Erie. The St. Catharines and Niagara Central R R will shortly be in active operation, 10 miles of road is nearly completed and the construction will be finished during 1888 and the road opened. It was incorporated as a town in 1850 and as a city in 1876, and has several extensive manufacturing industries, flour, cotton and planing mills, saw works, furniture factories, shipbuilding yards, foundries and machine shops, axe and edge tool works, cotton batting factory, and wine manufactories. It contains 3 Episcopal, 3 Catholic, 4 Methodist, 3 Presbyterian, 2 Baptist and a Congregational church, a collegiate institute, public and separate schools, a mechanics' institute and a free library of 6,000 volumes, an opera house seating 1,100, 3 chartered banks, court house and county buildings, custom house, 3 daily newspapers the *Star*, the *Journal* and the *News*, the two latter having weekly editions and the *Star* semi-weekly. Flour, fruit, grain, produce, stone and the products of the various manufacturing establishments are shipped. Assessed valuation of real and personal property, $4,662,181 ; bonded indebtedness, $737,785.28. The city is lighted with gas and electric light, has an excellent system of water supply owned by the city, a fire department, an electric street railway, which runs to the neighboring towns of Thorold and Merritton, which it is contemplated will be extended to Niagara Falls within a few months. Extensive quarries of excellent stone are worked in the neighborhood. It contains a general and a marine hospital, an orphan asylum and other charitable institutions. During the season of navigation there is steamboat communication with all parts of the lakes and the St. Lawrence river. There are celebrated mineral springs, and first-class hotels accommodate a large number of summer visitors. Stages daily to Niagara, fare 50c, and tri-weekly to Beamsville, Jordan and Smithville. ST. THOMAS. A city situated on the banks of Kettle creek (which supplies power) in Yarmouth tp, Elgin Co, of which it is the county seat. It is an important railway centre, being the principal station in Canada of the C div MCRR and the point of junction of the St C br, and on the Loop line and L & PS br of the GW div GT Ry, and the present western terminus of the CV line O div CP Ry. The L & PS br gives it access to Port Stanley, 9 miles south, a good harbor on Lake Erie, whence steamboats run to Cleveland, Ohio, and other lake ports. Incorporated as a village in 1852, it had then a population of 1,300. In 1870, when the construction of the two railways was begun, it had only 2,000 inhabitants, in 1876 it had 6,000, and at its incorporation as a city in 1881 it had a population of over 10,000. It has a number of important manufacturing industries including saw, planing, flax and flour mills, foundries, agricultural implement works, breweries, brick yards, while the extensive workshops of the MCRR give employment to a large number of men. It contains 13 churches, viz, Episcopal, Catholic, Baptist, Methodist, Presbyterian, Congregational and Reformed Episcopal denominations, the Alma Ladies' College and St Thomas Business College, a collegiate institute, model, ward and separate schools, a free library with 6,000 volumes, a town hall seating 400, and an opera house seating 900, 4 chartered banks and several loan and savings societies, and 2 daily newspapers, the *Journal* and the *Times*, both of them issuing weekly editions. Grain, live stock, flour, fruit and the productions of the various manufactories are shipped. Assessed valuation of real and personal property, $3,987,122; bonded indebtedness, $258,044. The city is lighted with electric lights, has an efficient water supply on the Holly system, a good fire brigade and hall. Stages daily to Fingal, 7 miles west, and to

TORONTO. The largest city and the capital of the Province of Ontario, and the second largest city in the Dominion of Canada, is beautifully situated on the shore of a spacious bay of Lake Ontario, in York tp, York Co, of which it is the county seat. Toronto has an excellent harbor, accessible to the largest craft navigating the lakes, and which is perfectly sheltered by a long narrow island extending about 5 miles along the front of the city, at a distance of about one and a half miles from the shore, forming a safe anchorage ground. It was incorporated as a city in March, 1834. The city is laid out with great regularity, the streets running north and south and east and west, and intersecting each other at right angles, the principal streets being King, running east and west parallel with the lake shore, and Young, extending nearly due north to

Lake Simcoe, a distance of 33 miles, and passing through a rich and prosperous agricultural district.

The growth of Toronto may be seen from the following table of its population at various periods, viz :—

1836.....	9,652	1871.....	59,000
1842.....	15,336	1875.....	74,000
1845.....	19,706	1881.....	87,000
1850.....	26,000	1886.....	124,000
1856.....	45,000	1888.....	153,000
1861.....	48,000		

In addition to its facilities for communication by water, Toronto is the centre of an extensive railway system, the following railways either running through or having one of their termini in the city: The main line of the Grand Trunk Railway, with its Midland, Nipissing, Northern & Northwestern and Great Western divisions; and the Canadian Pacific, with its divisions of the Credit Valley, the TG & B and the O & Q lines. Manufacturing of almost every description is extensively carried on, and a glance through the directory following will show desiring purchasers that their wants can be supplied with any article used in their respective trades. In the matter of education Toronto takes a high rank, having located within its boundaries the following educational establishments: The University of Toronto, University College, University of Trinity College, Knox College, Wycliffe College (Protestant Episcopal Divinity), the Baptist College (McMaster Hall), St Michael's College (Catholic), the Bishop Strachan School for Ladies, the Upper Canada College, the Toronto Collegiate Institute, the Royal College of Dental Surgeons, the School of Dentistry, College of Physicians and Surgeons of Ontario, Ontario College of Pharmacy, School of Practical Science, Ontario Veterinary College, Women's Medical College (in affiliation with the University of Trinity College), Toronto School of Medicine, Trinity Medical School, Ontario School of Art, to which may be added a number of convents and private schools, musical conservatories, etc, all first-class in their several appointments.

The schools, etc, belonging to the city comprise a Model school, a Normal school, and 42 public schools, the total number of pupils being 18,612, of teachers 322, and the value of the school property, $689,100 ; and 13 separate schools. The Department of Education is situated on Gould street between Victoria and Church streets, and has a library of 8,500 volumes. The public buildings connected with the Government, comprise the Parliament buildings, interesting mainly from their associations (new stone buildings on an elaborate scale are now being constructed at a cost of some $2,000,000) ; a valuable library of 35,000 volumes is kept here ; the Government House, the official residence of the Lieut-Governor; the Custom House, cor Front and Yonge streets, and the Post Office building, on Adelaide street, both handsome cut-stone structures ; the Asylum for the Insane ; the Central Prison ; the Mercer Reformatory; and Osgoode Hall, containing the various superior Law Courts of the Province, with a magnificent law library of 20,000 volumes, the property of the Law Society of Ontario. There is an interesting museum attached to the Normal School, containing specimens of school apparatus and furniture, a valuable collection of Dutch, Flemish and Italian paintings, etc. There is also the magnetic observatory and the principal meteorological office for the Dominion of Canada located in Queen's Park, and a public library containing 54,000 volumes, being constantly added to as occasion offers. The principal civic building will be the new Municipal and County Buildings soon to be erected, to cost about $1,500,000, situated on Queen street west at head of Bay street. The Canadian Institute on Richmond street is an important scientific institution, with a library of 4,000 volumes. The public buildings to be especially noted for their beauty of architecture, etc, are : The Bank of Montreal, cor Yonge and Front ; the British America Assurance Co's buildings, cor Scott and Front streets ; Building and Loan Chambers, 13 and 15 Toronto street; Canadian Bank of Commerce, cor King and Jordan streets ; Canadian Institute, cor Richmond and Clare ; Canada Life Assurance Chambers (now in course of erection), 44 King west ; Canada Permanent Buildings, 18 Toronto; Central Prison, Strachan ave; Custom House, cor Front and Yonge ; Dominion Bank, cor King and Yonge ; Educational Buildings, St James' square; Imperial Bank, Wellington east ; Knox College, Spadina Crescent; McMaster Hall, Bloor west; Manning Arcade, 16 King west; Mercer Reformatory, King west; North of Scotland Chambers 18 King west; Ontario Bank, cor Scott and Wellington ; Osgoode Hall, Queen head of York; Post Office, head of Toronto; Quebec Bank, cor King and Toronto ; Queen City Buildings, 24 Church; St Michael's College,

QUEEN'S

McGAW & WINNETT,

PROPRIETORS,

TORONTO.

The "QUEEN'S" is one of the largest and most comfortable Hotels in the Dominion of Canada. Being adjacent to the Lake, it is well-known as the coolest summer House in Canada. It is elegantly furnished throughout. Rooms *en suite*, with Bath-rooms, etc., attached on every floor.

In 1871 a splendid suite of apartments was occupied by His Imperial Highness, the Grand Duke Alexis of Russia, and suite. It has also been patronized by the Earl and Countess of Dufferin, the Marquis of Lorne and Princess Louise, the Marquis and Marchioness of Lansdowne on the occasion of each of their visits to Toronto.

The grounds around it being spacious and airy, with Croquet and Tennis Lawns, etc, render it one of the most pleasant and desirable Hotels for business men, pleasure seekers, and the travelling public.

Terms for Board, $3.00 to $3.50 per day. according to location of rooms.
Bath-rooms, etc., attached, $1.00 per day additional.

MAGUIRE'S Ventilating
Self-Flushing and Self-Cleaning Trap.

Robert Carroll,
66 Adelaide St. West,
TELEPHONE No. 208.

Sewer Pipe,
Chimney Tops,
Fire Brick,
Fire Clay.

PORTLAND
—AND—
THOROLD CEMENTS
always on hand.

Maguire Tile Drain Trap, particularly adapted for house drainage and overhead sewer ventilation. The only reliable self-cleaning Trap in the market. Owing to the fact that the outlet C is below the inlet A, and formed as shown, any liquid or solid matter entering the Trap B must, when it once reaches the top of seal D, flow over and fall clear into the outlet C, not only increases the velocity of the flow of the water and solid matter through the Trap B by creating a fall from the said Trap, but it is also so shaped that it effectually prevents any back-wash through the outlet C into the trap B.

A Renting and Rent Collecting Company.

Being organized for the purpose of RENTING and COLLECTING RENTS of property; managing Estates and Property, AIDING and ASSISTING OWNERS of REAL ESTATE in purchasing, disposing, exchanging and dealing in REAL ESTATE and to obtain LOANS thereon, and to effect insurance in Incorporated Companies, and generally to do all usually done by REAL ESTATE and INSURANCE BROKERS and AGENTS. But its chief features are designed for the purpose of GUARANTEEING the PAYMENT of TENANTS' RENTS and furnishing PROTECTION and AID to the OWNERS of REAL ESTATE in RENTING and COLLECTING their RENTS by furnishing them with a personal record of TENANTS as follows:

THEIR MANNER OF PAYING RENT. THEIR MANNER OF TREATING PROPERTY, THEIR MANNER OF LEAVING TENANCIES.

We give SPECIAL ATTENTION to the MANAGEMENT of TRUSTS, PROPERTIES and all CONFIDENTIAL BUSINESS; and take entire CHARGE OF ESTATES; and believe we can furnish proof to our Patrons that we have lost LESS RENT and kept their PROPERTY IN BETTER CONDITION AT LESS COST than any of our Competitors. NEW YORK
Dress Cutting and Sewing School,

17 Wilton Crescent, Toronto.

A NEW INVENTION.

The only scientific Dress Cutting Machine in the world. Sixty thousand of them in use in the United States by the principal dressmakers, and endorsed by the leading scientific and fashion papers of the world. We have lately opened a branch of our school, under the auspices of Mr. and Mrs. Fee, old and practical dressmakers and cutters, for the purpose of teaching our machine system of cutting; also dressmaking in all its branches. This is no chart or so-called tailor system, but an entirely new method. A machine constructed that makes no mistakes or changes, no seams if measures are taken correctly.

Fathers and mothers, if you want your daughters taught to make their own clothes, and at the same time prepare themselves to make their own living should they ever have to do so, don't neglect sending them to our school. The greatest difficulty with all dress-cutting systems has been in obtaining perfect sleeves. Explicit rules for drafting and cutting the same. Our machine overcomes that difficulty, and we say, without fear of contradiction, that our sleeves are perfect close-fitting, yet worn with comfort. For terms and testimonials send stamp.

NEW YORK DRESS CUTTING AND SEWING SCHOOL,
17 WILTON CRESCENT.

In connection with our School we have a Dress Making Department, in which we feel sure in saying you can get the best fit and the finest work at prices to meet the wants of all.
